Updated: 08/16

School number: 0765
School name: WUDINNA AREA SCHOOL
School Profile: Area School (Reception-Year 12)

The Core Business of Wudinna Area School is teaching and learning in a supportive environment. We seek to encourage all students “to reach for the highest” in everything they undertake, not only personal excellence but also in working together and with the community to achieve more than can be accomplished individually. We strive create a reflective and caring community of learners. Our Site Improvement Plan seeks to enable all students to improve their literacy; Numeracy, Wellbeing and Engagement are at the core of our plan. Supporting the needs of students R-12 is a high priority of teaching and learning. This is underpinned through Jolly Phonics, levelled reading, QuickSmart Maths, Multi Lit, Special Education, targeted support and Vocational Education Training (VET).
Parents appreciate the many opportunities for students to be involved in extra-curricular activities such as lunchtime sport, Chess Club, SAPSASA, Cross Country Run and Instrumental Music lessons, which are organised in school time with community support. The school values the contribution of parents and students to the decision-making process. The Governing Council and Student Representative Council play an active role in school improvement programmes and improving our school.
The isolation of Wudinna from Adelaide and major service centres limits school community access to support agencies, specialist centres and cultural programmes.
The Country Areas Programme (CAP) supports the learning, cultural and social activities of students which otherwise could not be undertaken due to the high cost of travel because of the distances involved.
The use of ICT to overcome the barrier of isolation thru: video-conferencing, e-mail, Open Access and the Internet is crucial to provide students to a range of educational options.
